Make the Most of Your Visit to the Colorado Garden & Home Show!

Start With the Program Guide

Kick off your visit by flipping through this year's Official Show Program. It's your roadmap to every exhibitor, product category, and feature area—helping you quickly pinpoint the businesses and solutions you're most interested in.

Catch an Education Seminar

Looking for expert insights? The show's daily seminars are a great way to learn from professionals in building, remodeling, landscaping, design, and more. Sessions take place in Bellco Credit Union's Theater at the end of aisle 1000 and are free with your admission.

Engage With Exhibitors

Don't be shy—our exhibitors are here to help! If something catches your eye, take a moment to chat. Leave your contact information so they can connect with you after the event and keep the momentum rolling on your project.

Give Yourself Time to Explore

With more than 500 exhibitors spread across 400,000 square feet, there's a lot to see. From beautifully crafted gardens and outdoor inspiration to special features like the Garden Market, the TAB Interior Designers showcase, Lifetime Home Remodeling's Kid's Zone, and more—you'll want plenty of time to enjoy it all.

Savor the Blooms

Step into spring with over 8,000 flowers representing 75 varieties of annuals, perennials, bulbs, and an array of blossoming trees and shrubs. Don't forget to visit the Education Garden, where CSU Master Gardeners are available to answer your gardening questions.

Choose a Meeting Spot

Exploring separately? Plan ahead by selecting a central rendezvous point. We recommend the main entrance if ever separated from your group.

Come Ready to Shop

Many vendors offer show only deals, and many great products are available for purchase right on the spot. If you find something you love, you may want to buy it while you're here.

Celebrity Sighting

Meet the Celebrity Guest Designers Headlining the Bellco Credit Union Sponsored 2026 Colorado Garden & Home Show Presented by Lifetime Home Remodeling and Mattress Firm

The Colorado Garden & Home Show has long been known for bringing the best in home improvement and garden inspiration to Denver. For the first time, the Bellco Credit Union sponsored 2026 Colorado Garden & Home Show presented by Lifetime Home Remodeling and Mattress Firm takes it up a notch with two internationally recognized designers whose work spans television, award-winning gardens, and best-selling books.

From practical, sustainable landscaping solutions to romantic, art-driven planting design, celebrity guest presenters **Jenn Nawada** and **Jo Thompson** will share their expertise, ideas, and creative philosophies with attendees during the nine-day event, February 14–22 at the Colorado Convention Center.

Jenn Nawada: Smart, Sustainable Landscaping for Real Life

As the landscape contractor for “This Old House” and “Ask This Old House,” Jenn Nawada is a familiar and trusted voice for homeowners across the country. Her approach focuses on practical, sustainable solutions that make outdoor spaces more beautiful, functional, and livable – no matter the size of the yard.

Nawada has worked in landscape design and construction since 2001 and founded Nawada Landscape Design Inc. more than 17 years ago. Specializing in residential projects, she is known for sophisticated designs that balance environmental responsibility with everyday usability. From planting plans to hardscapes, Nawada manages projects from concept through completion,

collaborating closely with skilled tradespeople to bring her designs to life.

She first joined “This Old House” in 2010 during the Auburndale project and became a regular contributor on “Ask This Old House” in 2015. In 2020, she was named the official landscape contractor for “This Old House.” At the Colorado Garden & Home Show, **Nawada will appear on Saturday, Feb. 14 at 3 p.m. and Sunday, Feb. 15 at 1 p.m.**, sharing insights homeowners can apply immediately whether they’re rethinking a front yard, upgrading outdoor living areas, or planning more sustainable landscapes.

Jo Thompson: The Art and Emotion of Garden Design

Joining the show later in the week is Jo Thompson, one of the UK’s most celebrated garden designers and a globally respected voice in contemporary landscape design. Thompson is known for her beautifully layered, romantic gardens that feel timeless and deeply connected to their surroundings.

Her design philosophy centers on what she calls “gentle intervention,” allowing plants, space, and atmosphere to lead the design rather than overpowering the landscape. The result is gardens that feel emotional, balanced, and harmonious, with a painterly planting style and a signature mastery of roses.

Thompson is a multi-gold medal winner at the RHS Chelsea Flower Show and the author of “The New Romantic Garden” and “The Gardener’s Palette”. Her work bridges horticulture and art, inspiring gardeners and designers to think beyond trends and focus on how a garden makes people feel.

Thompson will present at the Colorado Garden & Home Show on Friday, Feb. 20 at 4 p.m. and Saturday, Feb. 21 at 2 p.m., offering attendees a rare opportunity to hear directly from one of today’s most influential garden designers.

Why These Designs Matter

Together, Nawada and Thompson represent two complementary sides of modern garden design. Nawada brings hands-on, accessible solutions rooted in sustainability and real-world application, while Thompson offers a more poetic, art-driven perspective on planting and emotional connection to landscape.

For homeowners, gardeners, and design enthusiasts, their appearances are a chance to learn from the best and gain inspiration, practical advice, and fresh ways of thinking about outdoor spaces. Whether you’re planning a backyard upgrade, dreaming of a more sustainable landscape, or simply looking to be inspired, these celebrity guest presentations are a must-see highlight of the 2026 Colorado Garden & Home Show.

The Colorado Garden & Home Show runs Feb. 14–22, 2026, at the Colorado Convention Center. For schedules, tickets, and full show details, visit ColoradoGardenandHomeShow.com.

Thanks to Our Sponsors & Partners

Raising Expectations, Not Just Slabs!

Colorado’s shifting soils, freeze-thaw cycles, and water drainage issues can lead to voids beneath your concrete. In many areas, expansive bentonite clay also plays a significant role - swelling with moisture and shrinking during dry spells, which causes slabs to rise and fall unpredictably resulting cracks, uneven surfaces and serious safety concerns.
