

# TABLE SKIRTING INFORMATION

## What is table skirting?

- It is mandatory that all tables are properly skirted. Skirting must go from the edge of the table to the floor on all four sides. All skirting must be pressed and neat. The use of plastic tablecloths, sheets, shower curtains, or any type of “makeshift” tablecloth is not permitted. We strictly enforce this and will skirt all incorrectly skirted tables at the vendor’s expense. See the photos below.

## Why do I need table skirting?

- This is the perfect place to store additional inventory and personal items, as they are required to be completely out of sight.
- It is aesthetically pleasing to the attendee.

## Where can I get table skirting?

- You can rent tables that will be properly skirted by the show decorator, General Exposition Services. For pricing on booth sizes, please visit the section “Decorator Services” in our [vendor kit](#).
- You can also bring your own table skirt. It is cost-efficient to invest in flooring if you will be doing more MPE shows. Our company mandates that proper table skirting be used in all of our shows.

## Where can I purchase table skirting?

- Any of the box retail stores, like Walmart, Target, or online companies, have pieces for purchase.
