

FLOOR COVERING INFORMATION

What is Floor Covering?

It is a cover for your booth floor, such as carpet or a foam flooring. Floor covering is mandatory and must cover your entire booth space.

Why do I need Floor Covering?

- The floor covering in the booth is simply for aesthetics. It is pleasing to the eye and helps your booth look nice for the attendees that are visiting.
- It is also a comfortable for your feet after standing long hours on concrete!

Where can I get a floor covering?

- You can rent a piece of carpet from the show decorator, LEXPO. For pricing and more information, please visit "Show Decorator Services" in our Vendor Kit.

Note the discount deadline is Oct. 27, 2026.

- Flooring is not included in the cost of your exhibit booth. It is mandatory that all exhibit booths are carpeted or have some type of clean, professional-looking floor covering that covers 100% of the booth's square footage. Carpeting, Astroturf, hardwood, tile, vinyl flooring etc., may be used. Visqueen must be placed on the floor before laying bricks,

patios, mulch, etc. Do not drill holes, nail glue or affix flooring to the concrete floor. Any damage to the Central Bank Center's floor will be repaired at the vendor's expense.

Where can I purchase floor covering?

- Any of the box retail stores like Walmart, Target, or Costco have pieces for purchase. (Especially during back to school time, for dorms!)
- A few vendors have purchased flooring this past year and sent me links to find foam flooring.
