## Section 1 –Exhibit Regulations

### BOOTH GUIDELINES

- All inline exhibitors will have an 8' high black pipe and drape sidewalls and backwall, as well as an exhibitor identification sign (see page 10) with your company name and booth number.

- A corner booth has back drape and one side wall with adjoining exhibitor, open on corner.
- An island booth, open on all sides, does not have any pipe and drape or ID sign.
- Exhibitors are responsible for all other aspects of their exhibit space, including floor coverings, electricity, lighting, and decoration.
- Exhibits should reflect the ambiance of the overall Show— garden-related, fun, and festive!
- **We request that all non-garden exhibitors decorate their booth with extra plant or floral material.**
- **Helium-filled balloons and other inflatable items are NOT permitted in the Seattle Convention Center.** Please do not give out stickers to attendees.
- Allow 4" leeway when installing hard wall displays.
- All merchandise and materials must be contained within the exhibit space.
- No exhibitor may sublet any portion of their booth to another supplier without the written consent of Show Management.
- Maximum height, including signage, for the back and side drape is 8 feet in height.
  - Signs exceeding 8 feet high must be approved by Show Management or exhibitor may be asked to remove the sign.
  - Feather flags or similar attention-getting advertisement flag/banners are not allowed.
  - All visible unfinished portions of displays must be draped or finished. Show Management may require exhibitors to purchase drape if display is not finished adequately.
  - Use of a tent canopy must be approved by Show Management.
  - Structures cannot be over 299 sq ft, and any structure with walls must have a fire extinguisher (Class C) and smoke detector.
  - Management reserves the right at any time, without prior notification, to alter exhibits, aisles, common carpet, feature sizes and locations to best serve the interest of the show. Their decision will be final.

## AISLE RESTRICTIONS

- **All business must be conducted within your assigned booth space and AT NO TIME be conducted in the aisles.** Please do not talk to customers outside of your booth.
- Exhibitors must refrain from calling out into the crowd to draw attention away from other businesses. Please represent your company in a professional manner.
- All merchandise must be displayed inside your booth. Please do not extend past the outer boundaries of your exhibit into the aisles or an adjoining booth, including your booth carpet.
- Marketplace Events reserves the right to remove any merchandise exhibited in the aisles.
- It is against show policy for exhibitors to hand out literature, samples or obtain leads, etc., in the aisles, bathrooms, or in other exhibitor's booths. These activities must be done inside your own exhibit space(s).
- Entering another exhibitor's booth without their permission is **STRICTLY PROHIBITED**.

## FLOORING

**Floor covering is required in booth spaces.** This does not apply to the exhibitors in the Plant Market or on the carpeted Garden Artisan area in the South Hall (booth rows 1000-1400).

- Your exhibit must have floor covering the exact dimensions of your designated space so that no concrete is exposed. Partial floor coverings are not permitted.
- You can provide your own flooring or rent carpet from Fern Expo Services.
- If you provide your own carpet, please use some type of clean, professional-looking covering, such as carpet, AstroTurf, hardwood, tile, vinyl flooring, etc.
- The floor of the Convention Center is sealed painted concrete. Do **NOT** use Duct Tape on the floor, as it does not remove easily, and you will be charged to have it cleaned off the convention floor.
- Secure the front edge of your carpet to the concrete floor using a double back tape to avoid any tripping hazard. If you do not bring your own tape, you can purchase it from the decorator at show rates.

### **Exhibitors on the Carpet Area in the South Hall** (booth rows 1000-1400)

Garden Artisan booths are responsible for any damage to the Convention Center carpet in their exhibit area. Should a square(s) need to be replaced in your space, the cost of each carpet square plus labor will be billed directly to the exhibitor. If your exhibit contains material that could soil or spot the carpet, place non-permeable protective sheeting under the item to protect the carpet.

## LIGHTING

**We strongly recommend all exhibitors add additional lighting to their display.** The 8ft black drape high side walls tend to make booths a little in the shadows, especially if you have a 10' x 10' inline.

- In the South Hall, please note that the lights are dimmed over all the booths in the Garden Artisan carpeted area (booth rows 1000-1400).
- Show lighting over the Garden Displays is significantly more reduced than the rest of the show, and exhibits bordering the gardens will be darker than other sections.
- The overhead show lights will not be adjusted during show days, and do not assume that the SCC lighting will provide enough illumination for your display.
- Electricity is not included with your booth cost and must be ordered through [SCC Exhibitor Services](#). (If you renewed for the 2025 show during the 2024 show, then you received free power + Wi-Fi for one 10' x 10' space at the 2025 show. Please contact SCC Exhibitor Services for details).

## TABLE COVERINGS

- **It is mandatory that all tables are properly skirted.**
- Skirting must go from the edge of the table to the floor on all VISIBLE sides.
- All skirting must be pressed and clean.
- Plastic tablecloths, sheets, shower curtains, or any type of “makeshift” tablecloth is not permitted.
- Management will skirt all incorrectly skirted tables at the exhibitor’s expense.
- You can order table skirting from Fern Expo Services.

## FIRE SAFETY REGULATIONS

The Show must pass a fire safety inspection by the Seattle Fire Marshal prior to show opening.

**IMPORTANT:** You MUST provide a Certificate of Flame Resistance indicating the following items are flame retardant or they must be removed:

- All decorations, drapes, curtains, fabric material, hangings, items such as carpeting, turf used in the vertical hanging/suspending position within your booth or from the ceiling, whether there is a source of ignition (electricity) or not.
- Painted back-drops/signage using oil based or water-based paints with backing materials.
- Materials used for outdoor ground coverings, such as beauty bark, shredded tires.
- The use of oilcloth, tarpaper, sisal paper, nylon, Orlon, and certain other synthetic materials that cannot be made flame resistant is strictly prohibited.

Items that require treatment with a flame-retardant product may be subject to a flame test prior to Show hours. This does not include products that are for sale in your booth.

If you plan to build a roof system between 100 and 300 square feet, you must install a smoke detector on the ceiling and have a fire extinguisher in your booth. Building a consecutive roof system over 300 square feet is prohibited without a sprinkler system installed.

For flame retardant verification, the following options may be used:

- During Move-In, a copy of the Certificate of Flame Resistance for the item may be left in the booth when the exhibitor does not occupy it. The Certificate of Flame Resistance must indicate the item meets the requirements of either National Fire Protection Association 701 (NFPA 701) and/or the State of California Fire Marshal approved standard for flame proofing (Note: Certificates of Flame Resistance are valid for one (1) year after which time they must be renewed. Unless the certificate shows an expiration date stating otherwise or indicates the treatment cannot be removed when laundered).
- A tag or label affixed to the item indicating it meets either the NFPA 701 and/or The State of California Fire Marshal approved standard for flame proofing or is noncombustible.
- Only certificates from a third-party certifier or manufacturer of the product(s) are acceptable. Treating the item(s) yourself is not acceptable. You must have this Certificate on-site at the Show, visible in your booth. Your cooperation is necessary and appreciated.

Items not accompanied by a valid Certificate of Flame Resistance shall be removed. If the item(s) is unable to be removed from the show floor prior to the show opening, the show doors may be held and/or the exhibitor's booth may be closed.

Visit [www.seattle.gov/fire/business-services/special-events/tents-and-flameproofing](http://www.seattle.gov/fire/business-services/special-events/tents-and-flameproofing) for further clarification.

## FLAME PROOFING

To prepare your decorating items to pass Seattle Fire Marshal requirements, we recommend the following fire-retardant company:

**American Flamecoat of the Pacific Northwest**

1143 NW 52nd St, Seattle, WA 98107

206.789-9404; [northwestfirecoat@gmail.com](mailto:northwestfirecoat@gmail.com)

For a list of other flame proofing and flame-retardant companies, please visit:

[www.seattle.gov/Documents/Departments/Fire/Business/FlameRetardantSources.pdf](http://www.seattle.gov/Documents/Departments/Fire/Business/FlameRetardantSources.pdf)

This list is for informational purposes only and is not an endorsement of their products or services. Please check out these businesses to determine which will best meet your needs for flame retardant products or materials. This is a 3 to 5-day process, so order early.

## COMBUSTIBLE STORAGE

Combustible storage, repacking material, etc., is prohibited throughout the show floor. This includes areas in and behind individual booth spaces. **NOTE:** Small amounts of brochures and literature for distribution may be stored out of sight under tables in the booth space when approved by a representative of the Fire Marshal's Office.

For more information about flame-proofing and combustible storage, contact the Seattle Fire Dept – Fire Prevention Division at 206.386.1450.

## DISPLAY VEHICLES

Any vehicles to be displayed are subject to the following conditions:

- Vehicle must be approved by Show Management at least 2 months in advance of show.
- Battery must be disconnected and taped.
- Fuel tanks must not be more than ¼ full. Vehicles with no fuel gauge or broken fuel gauge will not be allowed on show floor.
- Fuel caps must be taped or locked shut.
- Drip pans must be placed under vehicle.
- Ignition must be disabled, or the vehicle locked and hood inoperable from the outside of the vehicle.
- Keys must be left with Show Management.

## SIGNAGE

A white, cardboard ID sign with your company name and booth number will hang on the pipe and drape back wall of your exhibit.

As this is meant to be a place holder and locator for your booth during move-in; we recommend you also display your own company signage. Professional printed signs only; hand-written signs are NOT permitted in your booth.

Your personal sign of your company name or product listing should only be seen facing toward the inside of your booth space. Signs exceeding booth height requirements of 8 feet must be approved by Show Management, finished back with NO verbiage facing your neighbor to the back or side.

## Section 2 – Move-In and Exhibit Set-up

### MOVE-IN SCHEDULE

Move-in times are on Sunday, Monday, and Tuesday, February 16 - 18, and are scheduled based on your location in the North or South Hall. Please refer to the [MOVE-IN MAP](#) for your specific move-in day and timeframe.

Your move-in day/time is when you can first start setting up, as well as the only time you might be able to use the Loading Dock during the day, if available. (Exception – Loading Dock is free to use during all move-in days from 6 pm – 9:30 pm, as long as your initial move-in time has passed).

**Please note, only vehicles over 6’5” and/or trailers will be given Loading Dock priority.** Be prepared to unload from the Hand Carried Freight Elevator if you have a personal vehicle under 6’5”, as you might be denied access to Loading Dock due to severe congestion. See Hand-Carried Freight Elevator schedule on page 16.

**Do NOT arrive prior to your scheduled move-in time – your booth area may not be set and may be used as a vehicle staging area or drive lane.**

After your assigned timeframe, you can continue to set up your booth and use the Hand-Carried Freight elevators, if you need to bring in more product or supplies. The building will be locked down by 8 pm each night; however, you can continue to work in your space until 10 pm. If you leave the building after 8 pm, you will not be able to re-enter.

**For all exhibitors moving in on Tuesday, there will be no vehicles allowed on the show floor.** Be prepared to unload from Loading Dock or use the Hand Carried Freight Elevators.

Please note there are **no pets and no children under age 16 permitted on-site during move-in (including infants)**. This will be strictly enforced by the Convention Center staff, and you will be asked to take your children off the show floor. This is a safety issue due to the number of vehicles driving on the show floor, including heavy equipment on the garden floor.

### VEHICLE MOVE-IN PASS

Your VEHICLE MOVE-IN PASS will be mailed to you in January, which will contain your move-in timeframe. You can also refer to the [MOVE-IN MAP](#) to see your scheduled time. These are the times you can first start setting up, as well as the only time you can use the Loading Dock during the day, if available.

Due to extreme congestion on Loading Dock and show floor, only vehicles 6’5” and taller will have priority to use the Loading Dock from 8 am – 5 pm. If your vehicle is under 6’5”, please use the Hand-Carried Freight Elevators as you may be turned away from the Loading Dock. See Hand-Carried Freight elevator schedule on page 16.

If you have a smaller vehicle and you need to make multiple trips or must use the Loading Dock, you can use the Loading Dock from 6 – 9:30 pm, as it is free of traffic during those times.

Please add the driver's cell phone number on the pass and keep pass on the dashboard while on Loading Dock, show floor, or Freight Elevator parking garages. While on the Loading Dock or in Exhibit Halls, **you must leave keys in vehicle and DO NOT lock your doors.** If your vehicle is blocking and the driver can't be located, one of our staff will move it. We have never experienced a vehicle theft on the show floor.

You may be turned away from the Loading Dock if you arrive prior to your appointed Move-In time. Help us make the Move-In process as smooth as possible – please adhere to your scheduled Move-In time. We have over 400 exhibitors and 30 Display Gardens to move-in in three short days. Your patience and cooperation are needed and appreciated, and we will try to accommodate you as best as possible. If you are unsure of your booth number or move-in time, please email [michelled@mpeshows.com](mailto:michelled@mpeshows.com).

## LOADING DOCK

If your vehicle is over 6'5", you must use the Loading Dock or North Hand-Carried Freight Elevator, as your vehicle will not fit in the main garage, where South Hand-Carried Freight Elevator is located. The Loading Dock is for unloading ONLY, and you will only have access during your assigned timeframe on your MOVE-IN PASS. **Exception** - Loading Dock may be used anytime between 6 – 9:30 pm without a reservation, as long as your initial move-in time has passed.

You will be required to leave your keys in your vehicle while off-loading and have your MOVE-IN PASS clearly displayed on the dashboard of your vehicle. As soon as you have off-loaded, you must move your vehicle from the show floor and Loading Dock area. **Do not** set up your display with your vehicle still parked on the show floor or Loading Dock. Driving direction map to the Loading Dock, 1315 Hubbell Place, is located on our website at [gardenshow.com/exhibitor-kit](http://gardenshow.com/exhibitor-kit).

## HAND-CARRIED FREIGHT ELEVATORS

- There is no discount for vehicles exiting after one hour. If your vehicle is parked longer than one hour, the regular parking rates apply.

## LARGE ITEM LOAD OUT (LILO)

**Appointment required.** This FREE service gives assistance transporting heavy or unwieldy items into your customer's car on the Loading Dock of the Convention Center. Due to security issues, exhibitors cannot make their own arrangements to meet customers on the Loading Dock.

### Hours of Operation for LILO:

WEDNESDAY – SATURDAY: 10:00 PM – 7:30 PM  
SUNDAY: 10:00 AM – 4:30 PM

Exhibitors text a festival representative to come to their booth to meet with the customer that has purchased a large item and arrange for LILO. Please note this is **only for large, heavy, or cumbersome items** that a customer would not be able to carry to their car.

If you have such a purchase, follow these steps:

1. Text your company name and booth number to provided phone number (available onsite during move-in)
2. The customer must wait in the booth for the representative to meet with them. Please be patient, they might be meeting with another customer.
3. The customer makes a reservation with the representative to pick up their item(s) on the Loading Dock.
4. If the customer's reservation is made for the same day, staff will come to remove the large item from your booth.

If the reservation is made for a different day, the item must remain in your booth until the day of the reservation, at which time staff will come to transport the item. LILO is not secure and cannot store items overnight.

Northwest Flower & Garden Festival assumes no responsibility for damage or loss once the item leaves an exhibitor's booth. The Festival has the right to refuse moving any item it deems too large or heavy to safely move.

If you have any questions or concerns, please call our office at 206.231.0140.
