Vehicle Move-in Pass must have driver's cell #. Leave keys in vehicle and DO NOT lock doors while on show floor and Loading Dock

- Your move-in timeframe is the first time you can start setting up your display and the only time you can access the Loading Dock during the day, if space available. Priority will be given to vehicles with trailers and over 6'5".
- Please do not try to access your booth space or Loading Dock prior to your move-in timeframe – your booth row may be a designated drive lane and your booth drape may not be set up.
- If the Loading Dock is full, exhibitors may be turned away and asked to return later. You can use the Loading Dock anytime from 6 – 9:30 pm, as it is free of traffic during those times.
- There is no guarantee that you will be able to drive onto the show floor. Please be prepared to unload from the Loading Dock. **Zones 4 & 7 are Loading Dock or Hand-Carried Freight only.**
- Unload your vehicle as soon as possible and remove your vehicle from the show floor/Loading Dock. Please **do not** leave your vehicle next to your space while setting up.
- If you have more loads, you must use Hand-Carried Freight (8:15 am – 5:30 pm), or the Loading Dock from 6–9:30 pm.
- You can continue to set up throughout move-in hours (8 am to 10 pm). **Please note the building is locked down daily at 8 pm;** and you will not be able to enter the building after that time.
- Move-in via Hand-Carried Freight Elevators is faster than the Loading Dock, due to traffic congestion. Elevators move-in hours are 8:15 am – 5:30 pm, Sunday to Tuesday. If your vehicle can fit in the elevator garages, (South is 6'5" and North is 9'8"), we ask you use the elevators and NOT the Loading Dock.
