

# EXHIBITOR SERVICES HIGHLIGHTS

1

## ONLINE PORTAL

Order everything in the new online portal. Place items in your cart and pay in one stop. Follow the link to the portal, select your event, complete your order.

2

## DRIVE-IN PASSES - \$30/pass

Drive-in passes are now single passes. No more one way and round trip passes. Every vehicle entering the building requires a pass for every entry. Passes are now QR codes to be scanned at the door when you pull up. You no longer need to keep track of small tickets to get in the door.

3

## PARKING PASSES - Exhibitor passes are for all days of the show; \$10/day when ordered online

When a parking pass is ordered, you will receive a QR code. You need to show this QR code at the I-X Center Customer Service window to redeem for your hang tag. THE QR CODE IS NOT YOUR PARKING PASS. Single day passes are not available.

4

## OTHER SERVICES

If you need cleaning services or water fills, these can also be ordered and paid for in this portal. If you need a gas line, water line, or air line installed, you will need to contact us directly for those custom services.

5

## WHY

We are making this shift in an effort to simplify the process for you! We hope these changes are positive and lead to a better experience all around with your time at the I-X Center.
