Welcome

to the 2025 Indianapolis Home Show

INDIANAPOLIS
**HOME
SHOW**
— SINCE 1922 —

The Indianapolis Home Show is an Indiana tradition and the oldest home show in North America, offering the latest in decorating, landscaping, construction and remodeling ideas – and it's officially back again for its 103rd year! Visitors to the Indianapolis Home Show can talk to hundreds of home and décor experts for advice and explore thousands of the newest home products!

The 2025 Centerpiece Home is the focal point of the Indianapolis Home Show, located inside the West Pavilion. Davis Homes teamed with Model Home Interiors and Precision Outdoors to build the beautiful two-story home with an eye-catching elevation, an earthy aesthetic and a backyard oasis with trendy features fit for the modern family.

The home is a two-story Sutcliffe Deluxe design with a Craftsman elevation made of stone, brick and wood. The home has four bedrooms (including a nursery and teen suite), four bathrooms, a family gathering room, stunning kitchen, a loft homework station and a front entry garage with a paved driveway.

“From the nursery and teen suite inside to the all-ages fun of the features outside, we're proud to showcase a home that's truly fit for the whole family,” said Davis Homes President and CEO Brad Davis. “We want attendees to picture their families living here for the long haul.”

The Centerpiece Home's interior design is by Greg Riley and Ann Walker of Model Home Interiors, who are partnering with Davis Homes on an interior design with a traditional feel but a modern twist.

“The main vision of our home design this year was going back to a traditional time with a warm, rich interior and appeal, while also maintaining a contemporary, modern style,” Riley said. “The colors, patterns and fabrics we chose blend the traditional with the modernistic, perfect for both first-time home buyers or seasoned homeowners alike.”

Using a color palette of shades of dark blues, whites and neutrals have combined perfectly with the accents of light wood flooring and ceiling beams, calacatta and quartz countertops and brushed golds in the hardware and fixtures. This acts as the basis for the beautiful, inviting interior of the Sutcliffe Deluxe Craftsman design.

Precision Outdoors is proud to provide the landscaping in the front and backyard for this year's two-story Centerpiece Home. The backyard is a true family paradise, unlike any seen before at the Home Show.

“The vision behind the landscaping of the Centerpiece Home this year was for a backyard family oasis that

meets the needs of Hoosier families,” said Precious Outdoors Managing Partner Caleb Harbert. “We have artificial turf, so kids don't get dirty playing, a variety of lawn games and activities, and a customized playhouse for children. That gets complete with a sprawling outdoor kitchen, sunken fire pit and living space along with an outdoor workout area with a cold plunge and sauna for parents.”

Plus, this year's celebrity guests include HGTV stars Mina Starsiak Hawk of Good Bones fame and Brian and Mika Kleinschmidt from 100 Day Dream Home.

Make sure to also check out the Backyard Retreat in the Expo Hall! Millers Mini Barns supplied the two outdoor structures – a pool house designed by Nancy Riesterer and an A-frame cabin designed by Jamie Markley. Millers truly intended this Backyard Retreat to be an oasis, a glimpse into what a new backyard could look and feel like.

“We wanted the pool house to be a place where you can kick back indoors after the pool, have a welcoming place to grab towels, prepare food, gather around the TV or play games together in the lounge,” said Riesterer.

Also in the Expo Hall, interior designer Nina Klemm is showing off the latest trends for interior design and home décor in a custom designer room from her brand, Sleek by Nina K. Nina also recently expanded her brand with House of Sleek, an Indianapolis-based furniture boutique, to offer curated, high-quality pieces that elevate her designs.

For the very first time, the Indianapolis Home Show will feature a Cooking Stage Monday-Friday on the Precision Outdoors Living Stage with recipes, demos and more! Chefs Michael Gomez and Ross Katz will be cooking up some delicious bites for visitors to try themselves.

“We're hoping to broaden guests' ideas or views of how they can use their grills in nontraditional ways with these new recipes,” said Chef Katz. “Both recipes are ideally geared towards the big game, with shareable and delicious bites kids and adults will love. While these do come off pork heavy, we are in Indiana!”

Plan your day around the variety of Precision Outdoors Living Stage presentations and demos too during opening day and the weekends of the Home Show. There, you'll learn about the latest furniture and design trends, creating family friendly spaces, organizing your garage, interior design tips and tricks, what to consider when selecting a contractor and so much more! There's something for everyone to enjoy!

**Thanks for attending the 103rd Indianapolis Home Show!
We hope you enjoy the show!**

Davis Homes Brings Modern Luxury to Two-Story Centerpiece Home

Fit for the Whole Family, Inside and Out

Davis Homes teamed up with Model Home Interiors and Precision Outdoors to build a beautiful two-story home with an eye-catching elevation, an earthy aesthetic, and a backyard oasis with trendy features fit for the modern family.

The 2,424-square-foot home is a Sutcliffe Deluxe design with a Craftsman elevation made of stone, brick and wood. The home has four bedrooms (including a nursery and teen suite), four bathrooms, a family gathering room, a loft homework station, and a front entry garage with a paved driveway.

Home Show attendees will enter a welcoming foyer, moving through the den and powder bath before going upstairs.

Once upstairs, attendees will first see the loft homework station before going down the hall to the dorm-like teen suite. They will go through a locker room-style closet into a lacrosse-themed boy's bedroom. Accompanying the bedroom is a Jack and Jill bathroom. Nearby is the nautical-style nursery, which leads into the primary bedroom. Going downstairs from here, attendees will

find the family gathering room, kitchen, owner's entry with a mud bench, and the garage.

The colors and textures inside and outside the home reflect an eclectic merging of earthy elegance and modern sophistication.

For the backyard family oasis, Davis Homes joins forces with Precision Outdoors to offer an outdoor living space tailored to various members of the family — from artificial turf for kids and pets to a sprawling outdoor kitchen, a sunken fire pit, and a workout area with a cold plunge and sauna for parents.

“From the nursery and teen suite inside to the all-ages fun of the features outside, we're proud to showcase a home that's truly fit for the whole family,” said Davis Homes President and CEO Brad Davis. “We want attendees to picture their families living here for the long haul.”

For its 11th time in 21 years, Davis Homes is proud to present the 2025 two-story Centerpiece Home.

The Centerpiece Home is located in Exposition Hall at the 2025 Indianapolis Home Show.

Centerpiece Home Interior Reflects Traditional Style with a Contemporary Twist

The two-story home offers a sophisticated look at classic Craftsman styles

This year's two-story Centerpiece Home will offer a fresh, eye-catching look featuring multiple materials – wood, stone and gold – that add depth, texture and dimension while being inviting and relaxing.

The Centerpiece Home's interior design is the brainchild of Greg Riley and Ann Walker of Model Home Interiors, an award-winning design firm with offices in 27 states including Indiana. Riley and Walker partnered with Davis Homes on an interior design concept for the Centerpiece Home focused on combining the traditional with the contemporary.

"The main vision of our home design this year was going back to a traditional time with a warm, rich interior and appeal, while also maintaining a contemporary, modern style," Riley said. "The colors, patterns and fabrics we chose blend the traditional with the modernistic, perfect for both first-time home buyers or seasoned homeowners alike."

Using a color palette of shades of dark blues, whites and neutrals combined perfectly with the accents of light wood flooring and ceiling beams, calacatta and quartz countertops and brushed golds in the hardware and fixtures. This acts as the basis for the beautiful, inviting interior of the Sutcliffe Deluxe Craftsman design.

Riley added, "The base colors are navy blues and other dark blues, thoughtfully paired with a variety of textures guests will see both inside and outside the home. We've

also used visually interesting prints on the wallpaper with florals, ivy, and more – wallpaper has made a strong comeback in updated, new designs this year."

As visitors make their way upstairs, they'll be able to walk through a lofted homework station, a girl teen's room, a boy teen's room with walk-in closet, a Jack and Jill bathroom, a nursery, and the primary suite retreat with a bathroom and walk-in closet.

"Having a two-story home this year allowed us to play with a variety of styles, floor plans and designs, all the way from a baby's nursery with dark blue plaids and playful boy/girl teen rooms, to a stunning primary suite with champagne bronze fixtures,

a floral wallpaper accent wall, dusty neutrals in the bedroom and more."

With its elegant traditional style, modern accents and a relaxing, comforting atmosphere, the Centerpiece Home offers a warm, familiar feeling that doesn't feel out of reach for Home Show visitors.

"We have a proper space plan, so when guests walk into each room they can see just how their furniture will fit," Riley added. "We want Home Show attendees to visualize themselves and their own things inside this home."

The Centerpiece Home is located in Exposition Hall at the 2025 Indianapolis Home Show.

Precision Outdoors Debuts Backyard Family Paradise for Centerpiece Home

Visitors to the 2025 Centerpiece Home will see new possibilities for outdoor landscaping

Family-owned and operated since 2000 in the heart of Indianapolis, Precision Outdoors is proud to provide the landscaping for this year's beautiful two-story Centerpiece Home. It's a backyard family paradise, unlike any seen before at the Home Show.

Precision Outdoors Managing Partner Caleb Harbert is eager to showcase the stunning backyard possibilities that will delight both children and their families.

"The vision behind the landscaping of the Centerpiece Home this year was for a backyard family oasis that meets the needs of Hoosier families," said Harbert. "We have artificial turf, so kids don't get dirty playing, a variety of lawn games and activities, and a customized playhouse for children. That gets complete with a sprawling outdoor kitchen, sunken fire pit and living space along with an outdoor workout area with a cold plunge and sauna for parents."

The artificial turf also works well for dogs and outdoor pets. Traditional lawns are hard to maintain, but the artificial turf requires very little maintenance, improves curb appeal year-round and keeps kids and pets clean.

As the landscape designer for this year's Centerpiece Home, Precision Outdoors designed and built both the hardscape and landscape elements – and Home Show visitors will have every motivation to visit the backyard when walking through the home.

Harbert added, "We made sure the landscaping of the property blended seamlessly with the inside of the Centerpiece Home for consistency and aesthetics. Incorporating blues, grays and browns throughout the outside of the home provided the delicate finishing touches that complement the home's exterior with its interior."

Whether you're looking to improve your physical or mental health, sweat away your stress in the sauna and then chill (literally) in the cold plunge, these outdoor workout areas all provide a revitalizing experience for health and recovery. In fact, saunas and cold plunges are also some of the biggest trends in landscaping for this year.

"A focus on health and wellness has become incredibly popular in landscaping over the last five years," he said. "With the Centerpiece Home, we're combining current trends within timeless elements of landscaping design. While the cold plunge and outdoor sauna are current and trendy, the sunken fire pit, luxury dining lounge area and outdoor kitchens are all timeless, traditional parts of landscaping."

Visitors are welcome to envision themselves relaxing in the open air, cooking and dining underneath the stars, adding the final steps to their workouts and entertaining guests, children and more at the backyard family paradise right outside the Centerpiece Home.

The Centerpiece Home is located in Exposition Hall at the 2025 Indianapolis Home Show.

HGTV's Mina Starsiak Hawk talks "Good Bones" and Good Homes at the Indianapolis Home Show

Mina brings HGTV knowledge, home reno tips and tricks to Indianapolis

With her keen real estate acumen and strong sense of purpose, Mina Starsiak Hawk is dedicated to the art and the business of saving old homes.

Mina co-founded the home renovation company Two Chicks and a Hammer with her mother Karen in the late 2000s, with the goal of revitalizing Indianapolis one property at a time.

Mina soon after became the star of the hit HGTV network show *Good Bones*, which ran from 2016 to 2023 for eight seasons. The mother-daughter duo of Mina and Karen bought properties throughout the Indianapolis area, demoed them down to studs and transformed them into beautifully-designed havens.

With dozens of homes rehabbed and more than 13 million viewers per season, the show is one of the network's most successful series, and generated the spinoff shows *Good Bones: Risky Business* and the limited series *Good Bones: New Beginnings*, which aired in 2024.

Mina has also starred in the popular HGTV series *A Very Brady Renovation*, *Rock the Block* and *Battle On the Beach*, and is developing another new series for HGTV.

Throughout their work in Indianapolis, Mina and her mother found they could do well by doing good in their neighborhood. This drives the business and mission statement to "Revitalize Indianapolis One Property at a Time."

When she is not running her business, filming television shows and working on national campaigns, Mina is a devoted mom to son Jack and daughter Charlotte. She is also the author of the kid's book *Built Together*. Mina and her family currently reside in Indianapolis, Indiana.

With an unparalleled expertise spanning real estate, interior design and fashion, Klemm brings a visionary approach to the industry, predicting trends that redefine modern living.

As the founder and CEO of *House of Sleek*, Nina leverages her deep roots in fashion to curate interiors that blend the runway’s bold elegance with timeless sophistication. Her innovative approach transforms spaces into statements, proving that style knows no boundaries.

Known from Bravo’s “Flipping Exes” flipping properties in and around Carmel, Nina moved into the interior design industry with Sleek by Nina K, where she creates stunning designs that captivate. With an innate ability to anticipate design trends and a commitment to excellence, Nina’s unmatched taste has captivated a devoted clientele who trust her to transform their homes into stunning showcases of modern design.

Nina’s journey into the fashion industry started in Boston, where she began her career as a fashion stylist. Over time, she climbed the ladder and took on executive positions with various national retailers.

Eventually, she decided to venture out on her own and established C Reality, a highly successful menswear line in Boston. In 2007, Nina embarked on a new journey in the real estate market here in Indiana, where she combined her passion for people with her love for design.

Nina successfully flipped homes in Indianapolis starting in 2015. Her projects caught the attention of Bravo TV, and her show, “Flipping Exes,” premiered in the summer of 2019. Nina made a bold move into the interior

design industry launching her own company, Sleek by Nina K, in 2020.

Nina recently expanded her brand with *House of Sleek* (@shophouseofsleek), an Indianapolis-based furniture boutique, to offer curated, high-quality pieces that elevate her designs. “From my own home renovation experiences, I’ve learned where to spend money and where not to,”

continued Henderson. “I’m excited to share the lessons – both good and bad – my family has learned along the way.”

Passionate about people and places, Liz finds joy in sharing the best of her home, gatherings and quaint places on her Instagram @thehendyhouse. Formerly a radio and television producer, Liz now spends her days designing beautiful events and encouraging others to celebrate everyday moments.

She and her husband, Mike, have been featured on HGTV’s House Hunters, DIY Network’s Renovation Realities and recently restored a historic 1854 home sharing their journey with the Magnolia Network. Liz calls the cornfields of Indiana home, where she loves to host play dates, dinner parties and pizza nights with her husband and three little kids.

Meet Liz at the Home Show on Saturday, January 18, when she presents “Making a House a Home: How to Create Family Friendly Spaces” on the Precision Outdoors Living Stage.

Experience expert advice on the Precision Outdoors Living Stage

The Precision Outdoors team members return this year as the designers and constructors of the Precision Outdoors Living Stage in the West Pavilion – the central hub for celebrity speakers, helpful presentations and delicious new recipes.

Family-owned and operated since 2000, Precision Outdoors delivers high-quality landscape design and build services to the residents of Indianapolis and surrounding areas. Managing Partner Caleb Harbert said this year's stage will be sure to draw in the crowds.

Precision Outdoors will take to the stage with presentations on “Designs and Trends for 2025” and “Everything Family: Building Amazing Spaces Tailored to Family Fun!”

“Family fun” is Precision Outdoors’ primary objective this year, as the company is also the landscaper behind this year’s Centerpiece Home. Precision Outdoors designed the home’s backyard oasis, featuring everything from artificial turf for kids and pets to a sprawling outdoor kitchen, a sunken fire pit and a workout area with a cold plunge and sauna for parents. With this outdoor living space, stage and set

of presentations, Precision Outdoors hopes to inspire families to make their dream home a reality.

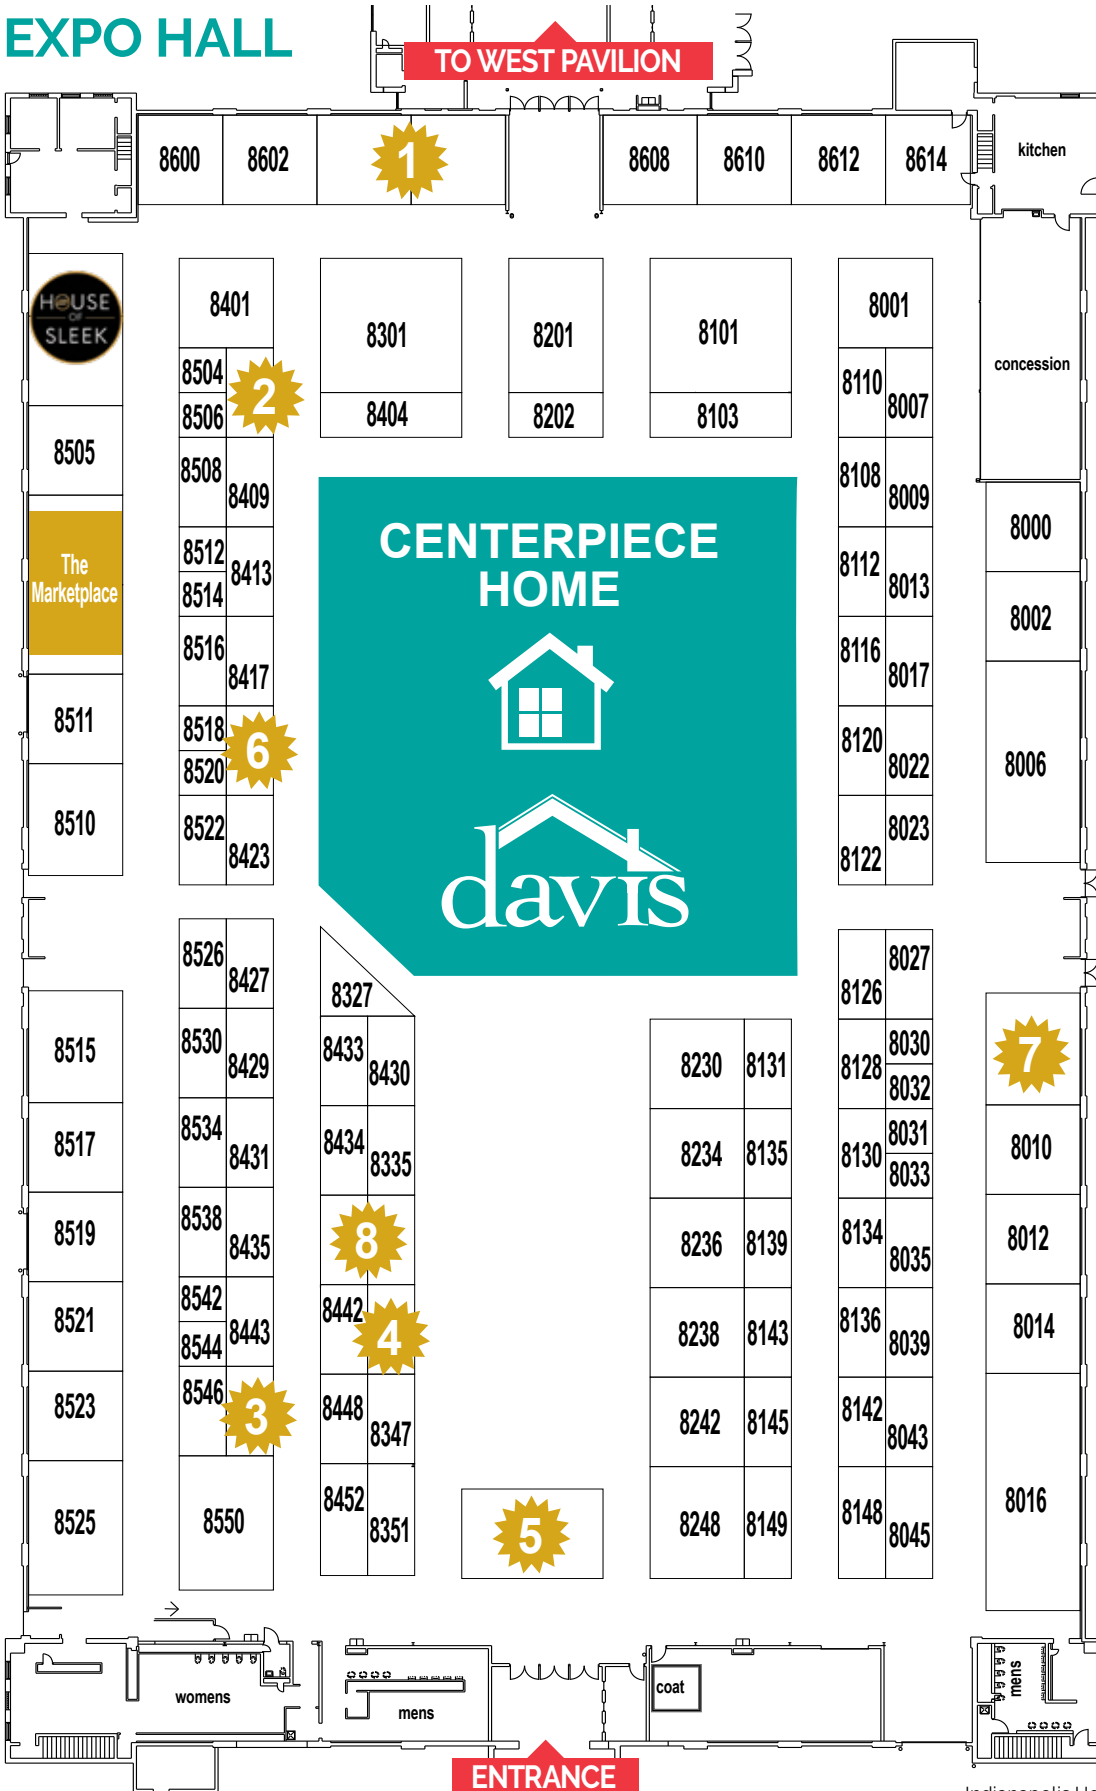

The Precision Outdoors Living Stage will also host a variety of expert guests across various fields of home design on opening day and on the weekends of the Home Show. Visitors can expect to learn from painting contractor Quintin Burkett, flooring aficionado Tammy Goff, HGTV stars Mina Starsiak Hawk from “Good Bones,” Brian and Mika Kleinschmidt of “100 Day Dream Home” and Liz Henderson of “House Hunters,” interior designer Sallie Lord, celebrity stylist Brandie Price, professional organizer Rachel Whiteaker and the Garage Door Doctor himself, Douglas Trumpey.

Don’t miss out on some delicious recipes for the big game! During the Monday-Friday of the Home Show, the stage will turn into the Cooking Stage – featuring new recipes of delectable bites of smokey sausage sliders and a smoked apple cobbler with bacon crumbles, prepared by Chefs Ross Katz and Michael Gomez.

Check out all the presentations on the Precision Outdoors Living Stage, open for the entire 10-day Home Show.

This year, find all the inspiration and innovative ideas to upgrade your backyard at the Backyard Retreat by Millers Mini Barns in the West Pavilion.

Millers Mini Barn was founded in 1998 in Salem, Indiana. At age 23, Milan Miller started Millers with his father-in-law Freeman Miller, and the business quickly became southern Indiana's go-to for premium outdoor furniture. Today, Millers is a supplier of exceptional outdoor furniture, sheds, small structures, gazebos and pavilions to customers from Louisville to Indianapolis.

For this year's Backyard Retreat, Millers supplied the two outdoor structures – a pool house and an A-frame cabin. Millers truly intended this Backyard Retreat to be an oasis, a glimpse into what a new backyard could look and feel like. It's designed in a way that customers can really visualize what these outdoor structures could look like in their own backyard.

Stylist and designer Nancy Riesterer designed the Backyard Retreat's pool house. It's described as a muted coastal, nautical-themed pool house with whites, creams, greys and blues. There will also be a bathroom, kitchenette and lounge area within the house for guests to relax.

"We wanted the pool house to be a place where you can kick back indoors after the pool, have a welcoming place to grab towels, prepare food, gather around the TV or play games together in the lounge," said Riesterer. "It's more of a multipurpose pool house, built for multifunctioning and entertaining after you've been lounging in the pool." The pool house also comes complete with a covered porch and awning to protect guests from the elements.

Jamie Markley, owner of the local Be Belle Boutique and designer herself, made the vision of the A-frame cabin come to life.

"The design of the cabin gives the look and feel of a modern she shed," said Markley. "I have three daughters, and we very much live in a girl world. The shed has a very feminine feel to it with bows, florals and shades of blue and white. It would be a fun hangout place for a girls night out or a special place to gather and chat with friends."

Happy Hour is More Than 60 Minutes at the Indianapolis Home Show

The Wine Bar offers the perfect combination of home renovation and relaxation

The Wine Bar by Booher Remodeling and PRP Wine International will return to the 2025 Indianapolis Home Show inside the West Pavilion! If you need a place to relax in the midst of shopping and getting your next home project inspiration, stop by for a sip and sample some excellent wine.

The Wine Bar is in its sixth year of providing a perpetual happy hour at the Indianapolis Home Show, giving out samples of their best and favorite wines. “We will have nearly 20 different wines to sample with a great variety from sweet to dry, and red to white,” said Craig Anderson of PRP Wine International. All the bottles in the booth are available for samples only.

Booher Remodeling conducts a full remodel of the layout of The Wine Bar each year. “We try to mix up the look, layout and decor each year with different flooring, countertops and tables,” said Rob Booher, president of Booher Remodeling. “The initial planning takes about one to two months to finalize the layout and details.”

So, what’s trending this year? “Bold colors and patterns continue to be popular because more people are planning to stay in their homes longer due to higher home prices,” Booher said. “And light, natural wood cabinet colors also remain popular.”

Since 2001, Booher Remodeling Company has delivered quality remodeling services to the residents of Indianapolis and surrounding areas. From starting out as small-business owners working from home, Rob and Kathi Booher have always been committed to upholding the company’s mission statement. For each home improvement project they take on, they pledge to “deliver quality work, on time, with a service-oriented attitude.” Recognized as one of the top 500 remodelers in North America, Booher Remodeling is dedicated to providing high-quality craftsmanship and exceptional customer service.

Learn Culinary Tips and Tricks from the Experts at the Brand New Cooking Stage

Chefs Michael Gomez and Ross Katz combine forces to teach Home Show goers new recipes

For the very first time, the Indianapolis Home Show will feature a Cooking Stage with recipes, demos and more!

Chef Gomez is the owner and founder of Gomez BBQ – an Indianapolis craft barbeque and catering business – and he has been cooking all of his life. He grew up in Indianapolis, graduated from Indiana and Dayton Universities, and is now realizing a culinary dream.

Chef Gomez

An avid traveler, he has spent years perfecting his craft, sampling different ingredients and learning cooking methods from all over the world. His adventurous approach to cooking complements the extremely high standards he maintains for the food he serves. He is always ready to try new things and bring something different to his already amazing barbecue.

Chef Katz is the owner of Indy's own RHB Resources, a chef-centric consulting and management company dedicated to advancing the culinary scene through education and implementation. In 2016, after years in the restaurant industry, Katz's passion for foodservice and entrepreneurial drive led him to open a restaurant of his own in downtown Indianapolis – Rooster's Kitchen.

In 2022, Ross sold the business to take his next steps in the culinary world and RHB Resources was founded. When not consulting restaurants or providing event services, Ross works with a local charter school teaching underprivileged middle school students culinary arts skills while coaching them to compete at the World Food Championships.

On the stage, the chefs will be showcasing two recipes with Home Show visitors, both made on the grill: Smokey Sausage Sliders with BBQ Bacon Jam and Pickled Red Onions, and a Smoked Apple Cobbler with Bacon Cashew Crumble (*see next page*).

"We're hoping to broaden guests' ideas or views of how they can use their grills in nontraditional ways with these new recipes," said Chef Katz. "Both are ideally geared towards the big game, with shareable and

delicious bites kids and adults will love. While these do come off pork heavy, we are in Indiana!"

Chef Katz

He continued, "When creating these recipes, Chef Gomez and I sat down and talked about what's something that could be done by a home chef. I love educating and teaching people about cooking and about food in general, and am excited to expand the minds of Home Show guests when it comes to their capabilities and

confidence in the kitchen."

The Indianapolis Home Show is also giving away a Traeger Ironwood 650 wood pellet grill to one lucky winner! It's a perfect choice for outdoor cooks looking to elevate their craft. Featuring WiFIRE technology, it allows you to monitor and control your cook from anywhere using the Traeger App or your smart home device. It also boasts a powerful D2 drivetrain that lets it get hotter, faster and maintain consistent temperatures in any conditions. And like all Traeger grills, it's fueled by all-natural hardwood pellets for incredible wood-fired flavor.

To enter and view the official sweepstakes rules, visit <https://www.indianapolishomeshow.com/traeger-grill-sweepstakes>. The sweepstakes ends January 24, 2025 at 4:59 p.m. EST. The winner will be noticed by email and telephone and will be required to pick up their prize at the show by January 27, 2025 by 3 p.m.
