Bryan Baeumler

Presenting on the

Presented by

Bryan doesn't believe he's put in an honest day's work unless he gets his hands dirty. A natural-born teacher, the Gemini-award winning host has been educating and entertaining viewers across Canada and the US since 2007 on the hit shows *Disaster DIY*, *Canada's Handyman Challenge*, *Leave it to Bryan*, *House of Bryan*, *Bryan Inc.* *Island of Bryan* and most recently *Renovation Resort*. Bryan's quick wit and easy-going personality have made him a huge hit with viewers on all of his home renovation shows.

Learning valuable tricks of the trade from his father, a meticulous aircraft engineer, Bryan spent his childhood summers building his family's cottage from the ground up. After earning a dual degree in Political Science and Business, Bryan was headed towards a career of practicing law. Realizing he'd rather be renovating than being chained to a desk, his innate passion for building took over and he traded in his tie for a tool belt and founded Baeumler Quality Construction.

A few kids and number of hit TV shows later, Bryan continues to tackle home renovation projects, be the spokesperson for numerous products and expand his growing businesses to include Baeumler Approved and Baeumler Custom Cabinetry. Bryan will return to HGTV Canada this Spring in his new show, *Bryan's All In*, where he will travel off-the-beaten path to help struggling entrepreneurs renovate their businesses. These are ambitious dreamers who are risking it all for their passion projects, making major life changes to become their own boss - just like Bryan did. Leigh-Ann Allaire Perrault

Presented by

Leigh-Ann Allaire Perrault is a TV personality, colour and design expert, and spokesperson for Rust-Oleum Canada. For the past 18 years, Leigh-Ann has been sharing her hands-on approach to DIY and design on Canada's longest running daytime television show, *Cityline*. Her work has gained attention for being unapologetically frugal without sacrificing quality and style, and along with being a regular contributor to various national print publications, her projects have been shared internationally. After spending 6 years as a professor of Colour Theory at Sheridan College, Leigh-Ann is now a sought-after speaker lecturing about colour, DIY, and interior design trends.
