Continued Next Page >

SEE KIRSTEN AND LINDSEY LIVE ON THE DESIGN STAGE ON FRIDAY, MARCH 8 AND SATURDAY, MARCH 9!

Q: What home gadget or tool should every homeowner own?

A: Dishwashing gloves AND a Plastic Hair Snake– When doing dirty chores around the house, keeping your hands clean makes the task seem less daunting. Equally important is having the drains in your house flow nicely. Using a plastic Hair Snake is an easy way to clear a clogged or slow running drain. This durable plastic tool is suitable for most household sinks, showers and tub drains!!! TRY IT, you won't be disappointed!

Q: Tell us about your pets.

A: Kirsten has 2 Corgis, named *Odie* and *Barnwell*. Kirsten has loved dogs her whole life; she even had a part-time job at a doggy daycare during college! Lindsey has a Shih Tzu named *Honey*, who REALLY LOVES Kirsten!!! A lot more than she does Lindsey.

Q: In your opinion, what's the most underrated tool in your toolbox?

A: Tape Measure – this is the NUMBER ONE item that every homeowner needs. When doing any project, knowing the dimensions is crucial. The size determines everything you need from the number of paint cans to how many sq ft of countertops! It is a MUST-have that we don't talk a lot about.

Q: What project are you currently working on?

A: Right now our business has over 100 active jobs. These range from one room of a flooded basement to an entire house damaged by a fire. We are able to help over 700 clients a year with navigating how to restore their home after an emergency from Water, Fire, or Storm Damage.

Q: What's your favorite HGTV or DIY Network series?

A: Well, of course, our favorite show is RENOVATION 911!!! We love that we are able to share what we do every day with the entire country. We have a unique niche in the construction industry. We respond to home and business emergencies every day. Our goal is to help those that are dealing with an unexpected disaster and turn their space into something they have always dreamed of.

Q: What's your favorite paint color?

A: Lindsey: Alabaster White – SW7008; Kirsten: Agreeable Grey – SW7029

Q: Which HGTV / DIY Network star would you most like to work with and why?

A: Mike Holmes – he reminds us of our dad. It is important to him to do things right, won't cut corners even if it costs more, and we think we could really make him laugh!

Q: What home trends are you loving? What styles do you think will emerge in the future?

A: Wallpaper: We are loving pops of wallpaper, especially on a small wall or ceiling! There are so many designs and options. Everyone can find something they like with Wallpaper. Moody Rooms: During COVID, home offices became very popular. We are seeing the trends move toward having a Moody Room. For example, using one deep color for walls, trim, and ceiling will create a cool vibe in any room.

Q: What project do you tell people to NOT do as DIY?

A: Electrical – you can shock yourself, install wiring incorrectly, and inadvertently cause a fire hazard. This is one trade that we usually rely on a sub-contractor.

Q: What is an outdated home trend you hope doesn't come back?

A: We hope soffits above kitchen cabinets NEVER come back!!!

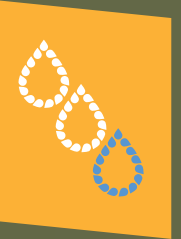

Q: When you design a room, what is the most important interior design advice you give?

A: Listen to your clients. Incorporate their wishes, dreams, and ideas! There are so many options to choose from; it is important to go with your gut!

Kirsten Meehan and Lindsey Uselding bring a refreshing blend of expertise, humor, and creativity to the world of home restoration and design. With their invaluable tips and infectious energy, they continue to inspire homeowners across the nation to turn their spaces into something truly special.

SIX WAYS TO CRAFT YOUR PERFECT OUTDOOR OASIS:

A GUIDE TO TRANSFORMING ANY SPACE

IN the realm of interior and landscape design, creating the ultimate outdoor oasis is not reserved for vast estates with limitless budgets. Whether you have a compact balcony, a modest backyard, or an expansive garden, transforming your outdoor space into a haven of tranquility is within reach. It's all about strategic planning, creative thinking, and a touch of ingenuity.

1 Define Your Purpose

Before embarking on your outdoor oasis journey, determine how you intend to use the space. Whether it's a cozy retreat for solitary moments, an entertainment hub for friends and family, or a combination of both, understanding the purpose will guide your design choices.

2 Maximize Vertical Space

For smaller areas, vertical gardening is a game-changer. Utilize walls, fences, and trellises to introduce greenery without sacrificing valuable floor space. Hanging planters, wall-mounted shelves, and vertical gardens not only add visual interest but also make the most of every inch.

3 Thoughtful Furniture Selection

Invest in furniture that complements the scale of your outdoor space. Opt for foldable or stackable pieces for easy storage when not in use. Multi-functional furniture, such as benches with hidden storage or tables that double as planters, can help maximize functionality without compromising style.

4

Strategic Lighting

The right lighting can transform any outdoor space, regardless of its size. String lights, lanterns, and solar-powered fixtures create a warm and inviting ambiance. Focus on key areas, such as seating areas or pathways, to enhance both aesthetics and functionality.

5

Greenery Matters

Even the smallest outdoor spaces can benefit from the beauty of plants. Incorporate a mix of potted plants, flowers, and shrubs to add color and texture. Consider low-maintenance options if you have a busy lifestyle, and don't forget about the power of fragrant herbs for a sensory experience.

6

Budget-Friendly DIY Projects

Enhance your outdoor oasis with budget-friendly DIY projects. Create custom planters, build a simple pergola, or repurpose old furniture with a fresh coat of paint. These personal touches not only add character but also allow you to express your unique style. In conclusion, the key to creating the ultimate outdoor oasis lies in thoughtful planning and a touch of creativity. No matter the size of your space or budget constraints, transforming your outdoor area into a retreat is a fulfilling endeavor.

For personalized guidance and expert advice, visit SaltLakeHomeandGardenShow.com. Let our experts turn your outdoor dreams into reality. Your perfect oasis awaits!
