MPE Exhibit/Product Acceptability Standards (USA)

Effective January 1, 2024. Marketplace Events (MPE) acceptability standards do not permit political candidates, parties or other groups promoting issues or ballot initiatives to participate as exhibitors. **In addition, the display or sale of any products or services that are political/partisan in nature** or that can be interpreted to promote, incite, or glorify hatred, violence, racial, sexual, or religious intolerance are prohibited. MPE's judgment in applying these standards will be final.

MPE shows are welcoming environments built solely to encourage face-to-face commerce. Creating respectful, safe marketplaces where our attendees and exhibitors can come together to learn, shop, compare pricing and do business together is our highest priority. MPE maintains these policies to ensure hospitable experiences for all attendees and exhibitors.

FLOORING

Flooring is not included in the cost of your exhibit booth. **It is mandatory that all exhibit booths are carpeted or have some type of clean, professional-looking floor covering that covers 100% of the booth's square footage.** Carpeting, Astroturf, hardwood, tile, vinyl flooring etc., may be used.

All edges of carpeting must be secured using double sided tape on the underside of the carpet. The Fire Marshall checks all flooring prior to opening the show. Duct tape is not permitted. **Please bring your own double sided CARPET tape, and caution tape if needed.**

TABLE COVERINGS

It is mandatory that all tables are properly skirted. Skirting must go from the edge of the table to the floor on all VISIBLE sides. All skirting must be pressed and neat. **Use of plastic table cloths, sheets, shower curtains or any type of "makeshift" table cloths is not permitted.** We strictly enforce this and will skirt all incorrectly skirted tables at the exhibitor's expense. All inventory and personal items must be stored COMPLETELY OUT OF SIGHT. Your booth should look professional and inviting to the attendee.

Signage

All inline booths can use S-hooks to hang banners from the pipe and drape. All signage is to be one sided and not read into neighboring booths. Free-standing signs should be placed in the back half of the booth and not block neighbor's site lines.

Endcap and Islands booths are permitted to have signage higher than 8 ft. **IF they are permanently affixed** to the booth display. If signage reads into neighboring booth exhibitor will be responsible for draping the impeding side at their expense. Rigging services are available for exhibitors in 20'x20' booth spaces or larger.
