YOUR GUIDE TO #CHGS26

The show for every home.

Since the Calgary Home + Garden Show first opened its doors, I've watched Calgary's home, garden, and outdoor living community grow into one of the most creative and inspiring in the country. Each year, our exhibitors, designers, and presenters raise the bar, and 2026 is shaping up to be our most exciting show yet.

Attendees can explore nearly 400 exhibitors, including almost 100 new companies, making the show the perfect one-stop destination for inspiration, expert advice, and spring planning. This year, we're introducing exciting new features like *Backyard to Bragyard*, designed by Staged by Tara, which shows how a few thoughtful upgrades can transform any outdoor space into a luxurious personal retreat. We also have *Backyard Wars*, where local outdoor pros go head-to-head—and you get to vote for your favourite design to help crown this year's backyard champion.

Another highlight is *Mod-ified Living*, presenting Modern Modular homes designed by Lyn Designs and landscaped by Prairie Outpost. Showcasing the striking Looking Glass model, this feature blends bold architecture, elevated style, and sustainability to reimagine modern living. Returning favourites like Paint With Purpose, curated by Rachel Lyon, give local artists a chance to create live murals for a good cause, while the DIY Training Center offers hands-on demonstrations, expert advice, and tips to help you tackle projects of any size.

With so much to see and do—and complimentary entry on Opening Day, Thursday, February 26, courtesy of EasyMax by ENMAX—there's no better place to explore ideas, meet experts, and bring your home and garden visions to life.

I can't wait to welcome both familiar faces and new guests to the 2026 Calgary Home + Garden Show—it's going to be a weekend full of inspiration and fun. Thank you for your continued support—we truly couldn't do this without you.

Sincerely,

Casey Matulic

MEET OUR EXPERTS

Bryan Baeumler

From *Renovation Resort* on **Home**
NETWORK

Bryan doesn't believe he's put in an honest day's work unless he gets his hands dirty. A natural-born teacher, the Gemini-award-winning host has been educating and entertaining viewers across Canada and the US since 2007. His legacy of hit shows includes *Disaster DIY*, *Canada's Handyman Challenge*, *Leave it to Bryan*, *House of Bryan*, *Bryan Inc.*, *Island of Bryan*, *Renovation Resort*, and, most recently, *Building Baeumler* – a Home Network Original series now streaming on STACKTV. Bryan's quick wit and easy-going personality have made him a huge hit with viewers on all of his home renovation shows.

Learning valuable tricks of the trade from his father, a meticulous aircraft engineer, Bryan spent his childhood summers building his family's cottage from the ground up. After earning a dual degree in Political Science and Business, Bryan headed towards a career in practicing law. Realizing he'd rather be renovating than being chained to a desk, his innate passion for building took over, and he traded in his tie for a tool belt and founded Baeumler Quality Construction.

A few kids and a number of hit TV shows later, Bryan continues to tackle home renovation projects, be the spokesperson for numerous products and expand his growing businesses to include Baeumler Approved and Baeumler Custom Cabinetry. Bryan's next adventure has him co-hosting in a new season of *Renovation Resort*, a Home Network Original coming soon and streaming exclusively on STACKTV.
