Kenny Brain

from Life Is Messy, new series
coming to Home

Kenny Brain, a Canadian-born general contractor and carpenter from Grand Falls-Windsor, Newfoundland, first gained fame as a houseguest on Season 2 of Big Brother Canada after a stint as a fashion model. Over the past decade, armed with a business degree and formal carpentry

training, he's built a thriving renovation career in Vancouver, Nashville, Toronto, and now Calgary, bringing creative flair, functional mastery, and his signature "go big or go home" attitude to every residential and commercial project—sparked in his early twenties while helping friends transform their home and cabin. When he's not on the job site, Kenny loves time with his dog, exploring the Canadian wilderness, fishing at his Newfoundland lodge, or soaking up big laughs and great music anywhere from Montreal rooftops to remote cabins. Catch him on *Making It Home* with Kortney and Kenny, and soon in *Life is Messy* on Home Network.
