## RULES, REGULATIONS AND BOOTH INFO

Our top priority is to produce a quality event. Two very important aspects to doing this are maintaining the visual integrity of the show and creating an atmosphere where all exhibitors can do business. The following Rules and Regulations help us to maintain these aspects:

### Alcohol

No alcohol may be consumed on show site other than during designated times and locations as specified in this Exhibitor Service Manual and/or on posted signage by the show facility/convention center. Alcohol consumption is strictly forbidden during all move-in and move-out hours. Additionally, the use or distribution of illegal drugs is strictly forbidden. Any persons including exhibitors, service providers, employees, attendees or anyone else working at or attending the show that does not comply with this policy will be removed from the show and their credentials will be revoked.

### Animals/Pets

Animals/pets are not permitted in the MCC without prior approval of Show Management and MCC management *including* move-in and move-out times. Exceptions are always made for service animals.

## **Booth Design & Construction**

### **Display Props:**

An exhibitor may exhibit products marketed by another manufacturer as a display prop such as an engine company using another company's boats to display engines at an in-water setting. Exhibitor will not display any product without the endorsement or approval of the manufacturer. However, exhibitor must have purchased exhibit space under its name in the same show.

### **No False or Misleading Statements:**

Exhibitors represent and warrant that (in and around the show facility) they will not make any false or misleading statements or claims in print, orally, or in any medium about their or a competitor's products (collectively the "Truthful Advertising Representation"). For example, exhibitors will not advertise displayed products as being "EPA compliant" or "meeting EPA standards" if these products have not been certified to meet the current, applicable EPA control of emissions for propulsion marine engines and vessel standards.

### **Infringement:**

Exhibitor represents and warrants that any products or equipment which it exhibits in the show: (i) are and will be original with exhibitor and will not incorporate any ideas, concepts, techniques, inventions, creations, works, processes, designs or methods that are owned by or licensed exclusively to any third party, and (ii) do not and will not infringe upon or violate any patents, copyrights, trade secrets, trademarks or inventions or any other intellectual marketing rights of any third party (collectively, the "Infringement Representation").

### **Display Guidelines:**

These guidelines and regulations are intended to provide a basis for the building and construction of exhibits. We encourage exhibitors to submit proposals for exciting and dynamic display ideas that may seem "outside the box" directly to Marketplace Events for approval. The Minneapolis Convention Center has specific rules that we, as tenants of the building must adhere to. Please refer to the back of your show contract and your exhibitor kit for show specific guidelines. The show managers are aware of the rules and can therefore determine if your display suggestion meets these rules. All bulk/open area exhibitors or anyone planning a newly constructed, elaborate display must submit a to-scale drawing of their exhibit to Marketplace Events for approval. Please advise us if your exhibit has not been altered since last year; you may not need to reapply for approval.

Drawings need not be professionally done, but should show a "birds-eye view" and an elevation of your exhibit area. Be sure to indicate the heights and widths of both product and display materials as well as other appropriate dimensions or placements of equipment. This drawing should be submitted no later than 60 days prior to show opening. Any variance to accommodate creativity or uniqueness of an exhibit must first be approved by Marketplace Events. Product placement, although subject to Marketplace Events review and approval, is not bound by the following configuration guidelines. Should you have any questions about these limitations or positioning of product, please do not hesitate to contact show management.

### **Installation:**

Specific instructions regarding loading in/out (i.e., dates, times, and directions, etc.) will be sent to each exhibitor, and must be strictly observed. Exhibitors will be billed for extra rigging services required because of delays caused by unprepared exhibits, including carpet installation, lack of appropriate cradling equipment, etc.; lateness; or any special/unusual handling of boats or equipment. Late exhibitors arriving after their scheduled installation time can be relocated to any location specified by Marketplace Events or, if no alternative is available may forfeit their show participation rights. Exhibitors are required to comply with all labor practices and union agreements in effect at the show site. Any equipment, signs or display units provided by the show will not become the property of the exhibitor. No signs, walls, product, or any part of a display shall be

set up so as to block off or otherwise interfere with the view of any other display. Exhibits are limited to the space provided in the contract. Product, personnel and/or display material may not extend into the aisles or adjoining space (including trailer tongues, wheels, stairs, stern drives, display/literature racks, etc.). Boats may be stacked, nested, stood erect or on end only with prior Marketplace Events approval. Cradles must arrive pre-assembled. Any boats, which, in the opinion of Marketplace Events, have unacceptable raddling/boarding equipment, will not be handled. Boats may be exhibited on trailers, cradles, jacks, dollies, wood blocks or cradles with wheels; on Styrofoam blocks with advance Marketplace Events approval; but cinder blocks or any other modular blocking will not be allowed. Boats less than 26 feet must have dollies or cradles with wheels to be handled by Marketplace Events.

No damage of any nature may be done to booth structures or to any part of the exhibit hall or show grounds. Exhibitors will be held responsible for damages. No signs may be placed on columns or walls except within exhibitor's space (building regulations permitting). No nails or screws may be driven into the floor. Exhibitors are responsible for removing tape from floors, and for removing carpet, including whatever's used to secure it.

No exhibitor may bring into the show any explosives, flares, gasoline, kerosene, acetone, LPG or other flammable or combustibles. No fuel may be stored in containers, boats, RV's, or authorized vehicles. All gas tanks must have locking gas caps or be taped closed. Batteries must be disconnected from ignition systems.

All decorations or building materials must be flameproof, and an affidavit or certificate evidencing such flame proofing must be available for potential inspection by Fire Department representatives. Open flames of any sort are prohibited. All electrical wiring and equipment must meet appropriate municipal/governmental electrical codes. Exhibitors are required to finish and decorate any unfinished partitions, walls or backs of signs, which are visible to the public. Any variance requires the mutual (written) agreement of the exhibitors sharing the common line, and is subject to annual review of both parties and Marketplace Events. Fact Sheet

### Sales tax registration

Any business, individual, promoter, operator, or fair board making taxable sales at a flea market, collectors' show, craft show, antique show, county fair, trade show, or similar event must be registered to collect the Minnesota general sales tax and any applicable local taxes before the event begins. You may register for a Minnesota ID number online at: [www.taxes.state.mn.us](http://www.taxes.state.mn.us) or by calling 651-282-5225 or toll-free 1-800-657-3605. The Application for Business Registration, Form ABR, is available on our web site or by writing: Minnesota Tax Forms, Mail Station 1421, St. Paul, MN 55146-1421.

Certain individual sellers at a flea market or similar event are not required to register to collect sales tax if they qualify for the isolated and occasional sales exemption. To qualify, all the following conditions must be met:

- The seller participates in only one event per calendar year that lasts no more than three days;
- The seller makes sales of \$500 or less during the calendar year; and
- The seller provides a written statement to that effect, and includes the seller's name, address and telephone number.

This isolated and occasional sales provision applies to individuals only, it does not apply to businesses.

### Operators of selling events

Minnesota law requires that before an operator of a craft show, art fair, flea market, or similar selling event can rent space to a seller at the event, the operator must have either proof that the seller is registered to collect Minnesota sales tax, a written statement from the seller that no taxable items are being sold, or a written statement from the seller indicating that they qualify for the isolated and occasional sales exemption mentioned above. *Sellers are required to give the operator a completed Operator Certificate of Compliance, Form ST19, or other similar written statement for this purpose.* Form ST19 is available on our web site, or you may call our office to request one.

Operators should keep the forms for at least three and one half years. Operators who do not have Form ST19 or a similar written statement from sellers, can be fined a penalty of \$100 for each seller that is not in compliance for each day of the selling event.

### Sales

Sales of arts, crafts, antiques, collector items, and equipment are generally subject to the general state sales tax and any applicable local taxes. Sellers should separately state the sales tax whenever possible. If the tax is included in the selling price, the item must be marked "tax included," or a sign posted indicating that tax is included in all prices.

Below are guidelines for items commonly sold at fairs and other selling events.

#### Admissions

*Entertainment events.* Admission tickets to county fairs and other *entertainment or sporting events* such as grandstand shows, horse shows, and auto races are taxable.

*Selling events.* Admission tickets to flea markets, antique shows, and similar *selling events* are not taxable.

*Entry fees* to participate in a competitive event are not taxable unless they are for a normally taxable admission or use of an amusement device. For example, entry fees to enter a quilt in a sewing competition are not taxable because no admission or amusement is involved. However, entry fees to play in a dart tournament are taxable because the normal fee for playing darts is taxable.

*Amusements.* Charges for rides, sideshows, or exhibitions are taxable. This includes all carnival rides and games, as well as bungee jumping, video games, games of chance or skill, mechanical handwriting analysis, virtual reality games and other entertainment.

**Clothing.** Clothing meant to be worn on the human body for general use is not taxable, but some accessories are taxable. Baby clothing (including receiving blankets used as clothing) is not taxable. See Fact Sheet 105, Clothing, for more information.

**Collectors.** Sales of collector items such as model trains, guns, coins, comic books, stamps, and sports memorabilia are subject to sales tax when sold at a collectors' show, flea market, or any similar gathering of sellers.

**Lodging.** Charges for lodging accommodations, including camp sites, mobile homes or other lodging facilities are taxable.

**Parking.** Charges for parking vehicles are taxable (except at parking meters).

**Rentals** of equipment such as display booths, coolers, and generators are taxable. Rentals of booth space are not taxable.

**Utilities.** Charges for electricity, gas, water, or other utilities to operators of shows or concessions are taxable.

---

## Food and drinks

Prepared food, as well as candy and soft drinks, are subject to Minnesota sales tax. Food and drinks, including bakery goods, are taxable when sold with eating utensils provided by the seller. Eating utensils include plates, knives, forks, spoons, glasses, cups, napkins, or straws.

See Fact Sheets 102A Food and Food Ingredients, 102B Candy, 102C Soft Drinks and Other Beverages, 102D Prepared Food, and 102E Dietary Supplements for more information.

### Alcoholic beverages

Sales of intoxicating liquor are subject to the state general sales tax and a 2.5 percent liquor gross receipts tax. Non-alcoholic beer, such as O'Doul's and Sharp's, is subject to the state general sales tax. See Fact Sheet 137, Restaurants and Bars, for more information.

### Examples of food sales at a fair or other event:

**Example 1.** A baker makes and sells cinnamon rolls served on a plate. Since the plate is considered an eating utensil, sales of the cinnamon rolls are taxable.

**Example 2.** A booth at a fair makes and sells jars of spaghetti sauce. The sauce is not taxable because the customer generally heats it after the sale.

**Example 3.** A shop at a flea market makes and sells jam. The jam is taxable because the seller prepared the jam by combining two or more food ingredients, and the customer does not usually cook or heat it after the sale.

**Example 4.** A booth at a carnival sells whole fresh fruit. No eating utensils are provided. The fruit is not taxable.

**Example 5.** A vendor at a fair prepares and sells flavored nuts. The nuts are taxable because they are prepared by the seller and the customer does not usually cook or heat them after the sale.

**Example 6.** A vendor at a trade show sells spices made by someone else to use in cooking. The vendor uses the spices in demonstrations and passes out free samples of spiced food. Eating utensils are used to pass out the samples. The spices are not taxable because they not prepared by the seller. The eating utensils used during the demonstration do not cause the spices to be taxable.

However, if the vendor *prepares* the spices (i.e., mixes his/her own spice blends), they are taxable even if the vendor does not provide eating utensils.

**Example 7.** A concessionaire sells pickles. The concessionaire uses a wooden skewer to retrieve the pickle from the container and hands the pickle to the customer on the skewer, which the customer keeps. The skewer is considered to be an eating utensil, so the pickle is taxable.

## Advertising

Sales of advertising products such as programs, brochures and signs, and rentals of portable signs are taxable. Leases or rentals of billboard advertising are not taxable. Advertising services (including concept and design) are not taxable.

## Prizes

Prizes awarded in games of skill or chance conducted at events such as carnivals, festivals, and fairs *lasting less than six days* are exempt from sales or use tax. Give the seller a fully completed Certificate of Exemption, Form ST3, to claim exemption.

Purchases of prizes are taxable for use at amusement parks, arcades, the State Fair, or other events that last six days or more. Also, items are taxable if they are awarded as prizes in connection with lawful gambling or the state lottery.

## Use tax

Use tax applies to items or services *you use* that you purchased without paying sales tax. Use tax is similar to the sales tax and the rates are identical. Use tax is based on your cost of taxable purchases. Common examples of when use tax is due:

- You buy items for resale for your business, then remove some of the items from inventory for business or personal use.
- You buy a computer for use in your business from a mail order company or over the Internet and the seller does not charge sales tax.

Report state and local use tax electronically at the same time you report your sales tax. See Fact Sheet 146, Use Tax for Businesses, for more information.

## Out-of-state vendors

Out-of-state businesses must collect Minnesota tax on all taxable sales made while in Minnesota. If you make sales to Minnesota residents after you leave the state of Minnesota, or take orders for future direct mailings, these sales may be subject to Minnesota tax. See Revenue Notice 00-10, Nexus Standards, for guidelines.

If you come into Minnesota for a selling event you are subject to income tax if you meet the minimum filing requirements; call 651-296-3781 or 1-800-652-9094 for more information.

Any wages paid to employees are subject to Minnesota withholding tax requirements; call 651-282-9999 or 1-800-657-3594 for more information.

## Minnesota local taxes

Minnesota Revenue administers and collects local taxes on behalf of several local governments. Local taxes are listed and explained in detail in Fact Sheet 164, Local Sales and Use Taxes.

**Special local taxes on food, liquor, admissions, entertainment, and lodging.** In addition to the general local sales and use tax, some cities impose additional sales and use taxes on sales of food, liquor, lodging and entertainment, which the Department of Revenue administers. See Fact Sheet 164S, Special Local Taxes, for more information.
