Hunters key to protecting Oregon's big game from Chronic Wasting Disease

There is an invisible threat to deer and elk populations here in Oregon. Chronic Wasting Disease (CWD) lurks close to Oregon's borders in Idaho, Washington, and California, along with many other states and provinces.

CWD is an always fatal, incurable, infectious disease caused by a prion, or misfolded protein, that causes progressive brain damage in deer, elk, caribou and moose. Animals can be infected and spreading the disease for years before finally showing symptoms (drooling, lack of balance, wasting) and dying.

No state or country has successfully eradicated it but there are ways to help limit CWD's impact. The disease can cause declines in big game populations if it's not managed to prevent high infection rates and spread.

Early detection is the best tool against the disease – if it's found early, Oregon may be able to isolate it. This will only be possible with support from Oregon's hunters.

If you harvest a deer or elk anywhere in Oregon, please participate in testing.

Biologists will take a piece of brain tissue or lymph node from your animal's head; this won't impact taxidermy plans. There are several convenient ways to provide a sample:

- Stop at a check station on opening weekend of major hunting seasons (required if you drive by one while transporting game).
- Work with a participating taxidermist or meat processor (see list online at [MyODFW.com/CWD](https://www.myodfw.com/CWD)).
- Call your local ODFW office to arrange an appointment.
- Drop head in a barrel at a participating ODFW office.
- Test results are posted online in 3-5 weeks. While there is no evidence that humans can contract CWD from eating or handling contaminated meat, the CDC advises against eating meat from infected animals.

Other regulations to protect against CWD:

- If hunting out of state, don't bring certain parts back to Oregon—nothing with spinal cord or brain tissue where prions concentrate is allowed back into Oregon. See pg. 16 of the 2026 Big Game Hunting Regulations for details.
- Do not use or possess commercial urine scent lures; the prions that cause CWD can be spread through urine, so these products have been banned.

Visit [MyODFW.com/CWD](https://www.myodfw.com/CWD) or scan the QR code for information about CWD, testing locations and methods, and test results.

Les Schwab Free Kid's Trout Pond

This iconic show feature, sponsored by **Les Schwab Tires**, is a favorite for kids 12 and under as hundreds of fat frisky trout are planted to be caught. There are also plenty of honest-to-goodness lunkers to be caught with fish in excess of 20" and even a few tipping the scales at 8 pounds!

Fistful of Cheaters

Everyone wins with **Toyota's Fistful of Cheaters!** It's easy and it's free. Just go to the Toyota booth. Whatever you're able to capture you take home with you. And, if one of the Cheaters you grab happens to have a Toyota logo on it, you win another prize!

Randy Newberg

Known by many as the leading voice in public lands access and advocacy, Randy is an accomplished hunter and hunting educator. His good sense is engaging and entertaining as he shares a lifetime of insights along with new approaches and information.

Brett Stoffel
Brett has helped military and civilians survive under impossible odds. When Brett's not in one of his highly informative seminars he's also in the Toyota booth with his survival gear and knowledge to provide one-on-one advice and instruction. You'll find Brett and the Toyota booth in the Showplex.

ODFW Passport
Stop by the Oregon Department of Fish and Wildlife booth 538, get your free passport, walk the show and collect all 8 stamps at the various passport stations throughout the show to win prizes or an extra entry to ODFW's Trip of a Lifetime raffle. It's your passport to fun and prizes! See the show guide floor plan for stamp locations.

Head & Horns Competition
In the last two years, back-to-back world records have been recorded! Yours' may be the next! It's \$40 to enter and with that our certified record book measurers will measure your entry and you are automatically entered into the competition and record book if your entry qualifies. Thanks to Benchmark, Danner, Fort Knox Safes, Lacrosse, Leupold, and Ruger.

Ammo Sale
Bi-Mart's ammo sale has become a staple of the Pacific Northwest Sportsmen's Show. Gun owners have come to expect it and wait until the show to make their ammo purchase for the year. The savings are huge and so is the selection.

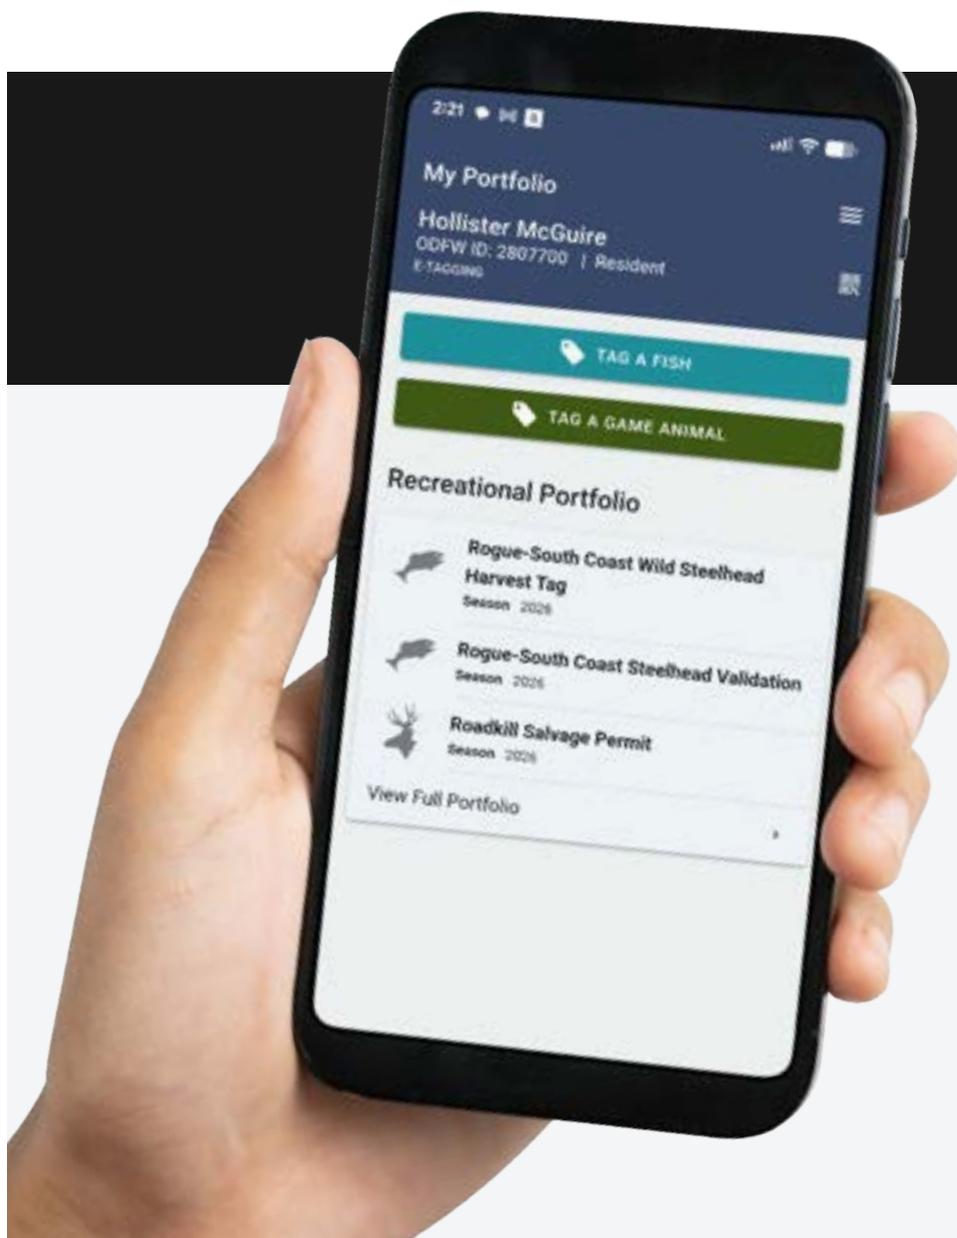

Progressive Bucking Bass
The Progressive Bucking Bass is back! Check in at the Progressive booth, climb aboard the "Bucking Bass" and get your picture taken --- it's FREE for all ages! You'll find them in the Showplex!

Nearly 50 percent of hunters and anglers in Oregon are already using electronic tagging and carrying licenses and tags on their phone, according to ODFW.

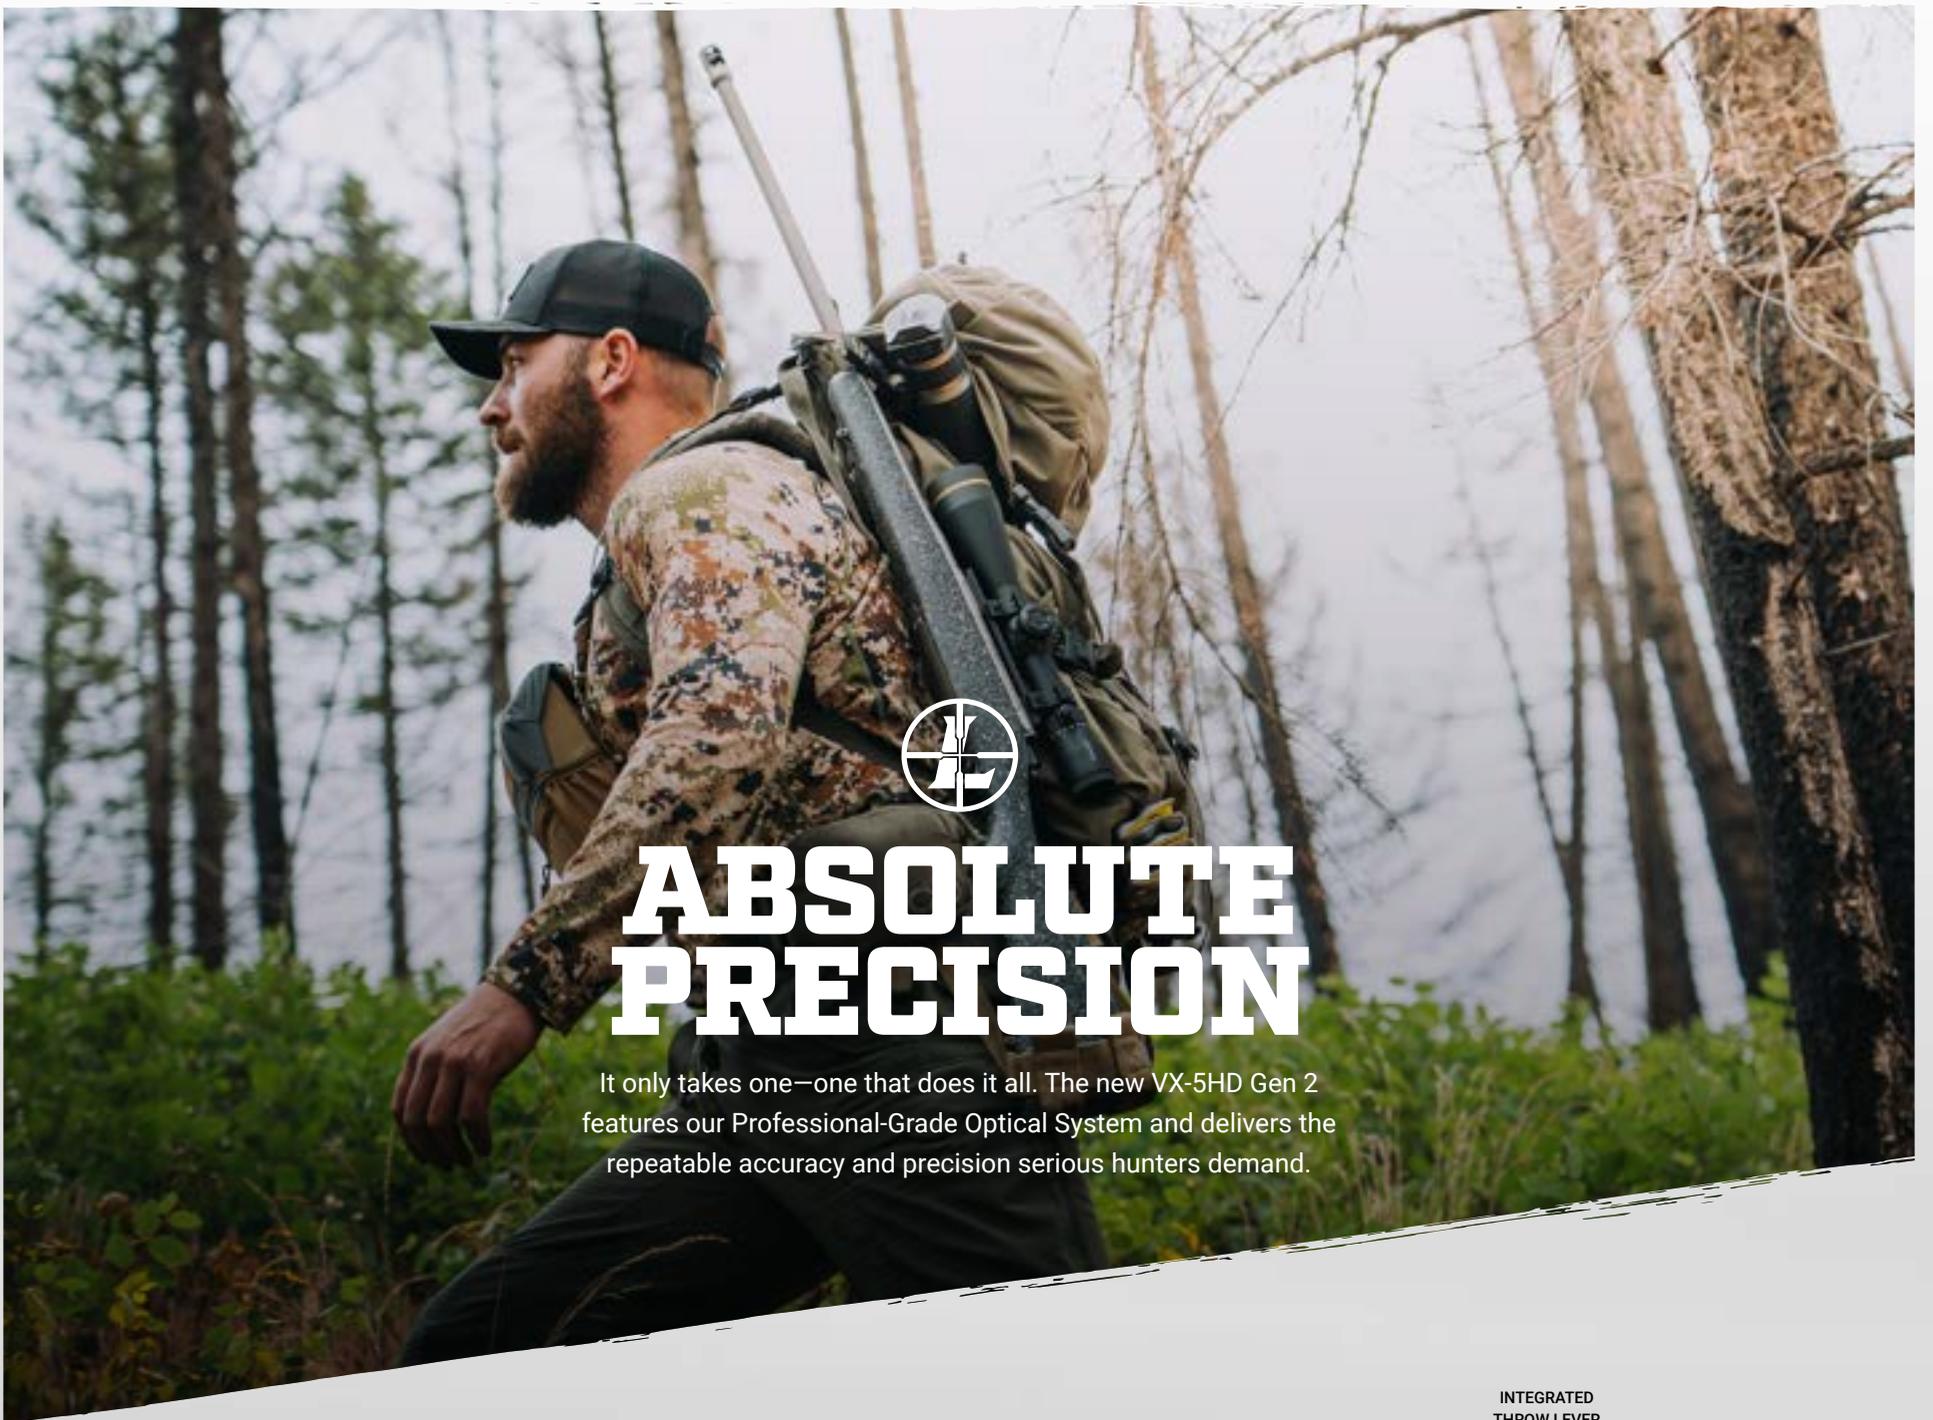

It's a convenient option for anyone that already carries their phone everywhere and is comfortable using an app and keeping their phone charged.

With the MyODFW app, hunters and anglers can tag fish and wildlife even without internet service.

Below are some reminders from Oregon State Police and ODFW on how to e-tag correctly.

- **Download the MyODFW app** on your phone (required because it lets you tag when out of cell reception).
- Buy your big game tag or redeem your SportsPac voucher by the tag sale deadline.
- Login to the app before fishing or hunting and be sure your licenses and tags are in your portfolio.
- If you are in an area with poor cell service, toggle to field mode in the app (under Settings) or put your phone in Airplane mode to make e-tagging easier.
- *Immediately* tag your fish or animal after harvest and enter required information properly. (Tag by pressing the “Tag a Fish” or “Tag a Game Animal” button from your home screen or recreational portfolio.)
- Keep your phone charged—**it's your responsibility to be able to show your license and tag to OSP.**
