

# PRO FISHING SEMINARS

PRESENTED BY

## SPRING CRAPPIE AND PERCH FISHING

Presented by: SCOTT HOMES

A passion for fishing has run through Scott's veins since he was a little boy. From playing in the creeks to catching minnows to fishing the tributaries for Rainbow and Salmon, to now running his own guiding service, Kawartha Lakes Guiding Service. Scott is a multi-species fisherman who has won and had many top ten finishes in tournaments across Ontario. Tournament fishing and guiding keeps Scott on the water and on his game. Scott loves to share his passion of fishing and to teach others what he has learned himself. He has met many people and made many friends doing what he loves to do....FISHING!! His fishing journey has taken him to some pretty cool places around the world and he has been awarded the Canadian Rapala Angler of the Year on two occasions.

Spring is the best time to catch big Crappies and Jumbo Perch, come join Scott as he shares his knowledge on where to locate and catch them!
